

ACULEO

# BuzzBeacon™

The World's Best Bee Lure

BuzzBeacon™ is a **patented pheromone attractant** designed to draw honey bees toward Aculeo devices like **BuzzBox** and **ScoutStop**.

**BuzzBeacon™ is versatile and can be used:**

- On its own as a **powerful lure**
- To power **BuzzBox** (targets sugar-foraging bees)
- To power **ScoutStop** (targets scout bees)
- By **beekeepers** to safely lure or move bodies of bees
- **Works for anyone** — no pest control license required

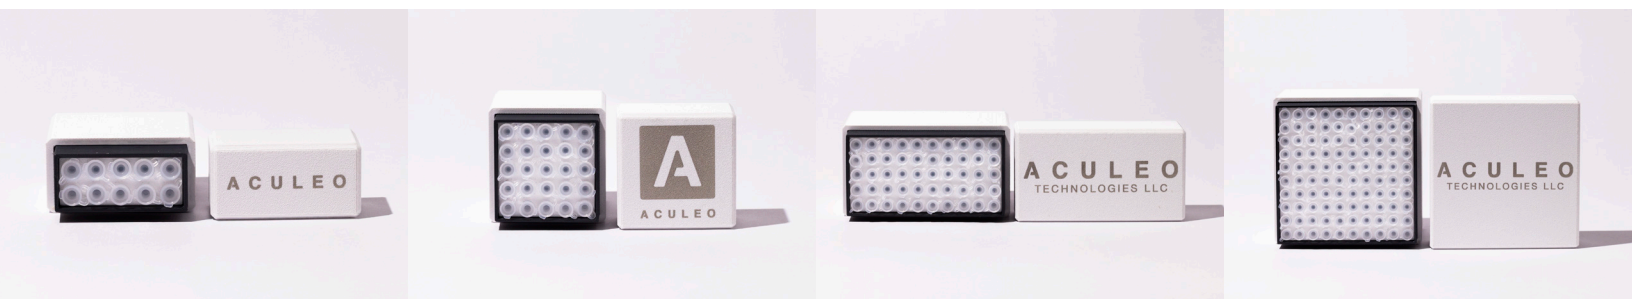

## BuzzBox™ Powered by BuzzBeacon™

- BuzzBeacon™ pheromone lure **slots into BuzzBox** to attract sugar-foraging bees to the device.
- **Concentrates activity at controlled zones and away from guests and food areas.**
- **Amplifies redirection performance** by disrupting the recruitment/“positive feedback” loop.
- **Easy to scale:** place BuzzBox units wherever needed. Keep the units effective by regularly refreshing with new BuzzBeacon refills.
- **Pollinator-safe, non-destructive** approach that protects people while preserving hives.
- Ideal around **dumpsters, soda stations, outdoor dining, cafés, resorts, campuses, and poolside concessions.**

## ScoutStop™ with BuzzBeacon™ Pheromone Lure

- BuzzBeacon™ pheromone lure installs in **ScoutStop™** to draw swarm scouts into the trap.
- **Intercepts scouts before they report back**, helping prevent swarms from infesting a home or structure.
- **Breaks the swarm decision loop**, reducing the chance of new hive establishment.
- **Pollinator-safe, minimally-destructive protection** for homes, businesses, and other buildings.
- **Scales proactively** - place units at high-risk spots (roofs, soffits, signage, loading bays).
- **Simple service** - swap BuzzBeacon refills, check captures, and re-deploy as seasons change.
- Ideal for **distributors & PCOs** safeguarding **retail, restaurants, hotels, schools, warehouses, and campuses.**

Available in **multiple durations and pack sizes** to fit your needs.
